School Supplies 2019-2020

At Forge International, we know how much of a burden school supplies can put on family budgets. That is why we don't do traditional supply lists. There is no expectation that students arrive with their own individual supplies. We simply ask families to **voluntarily donate** what they can to the community supply closet. Donations will be collected at the Open House Event.

Based on our estimates, these are the projected items that a single student will use during a single school year.

2 boxes of #2 pencils	2 boxes of 24 ct crayons
8-10 low odor dry erase markers	2 boxes of 10 ct colored markers
10-12 glue sticks	2 boxes of 12 ct colored pencils
2-4 bottles of glue	2 highlighters (any color)

Every year it takes a village to keep our school clean and safe from germs and illness. The following supplies help us keep our learning areas safe and orderly. On average we go through about 1.5x to 2x per student over the course of a school year.

Facial Tissues	Antiseptic Wipes
Hand Sanitizer	Flexible Bandages

The only recommended personal purchase for each student is a set of headphones/earbuds. Given the necessity of these items for testing and accessing computer technology in the school, these items will be provided, but in limited supply and will need to be shared between multiple students. Many students prefer to have their own headphones/earbuds based on comfort and sanitation factors. All headphones/earbuds should have a 3.5mm (1/8") connector and should be labeled with the student's name.

Any help you can provide will be put to good use.
